Third-party trademarks (such as Google Play, Android, Firebase, RevenueCat, Supabase, and the names of any games referenced within the Application) are the property of their respective owners and are used solely for descriptive or interoperability purposes.

10. Subscription Terms

10.1 Subscription Plans

The Application offers one or more paid Subscription plans that provide access to Premium Features. The Subscription plans available to you may include, without limitation, weekly, monthly, yearly, or

other recurring billing periods, as well as one-time purchases, introductory offers, or promotional plans, as we may offer from time to time.

The specific Subscription plans, billing periods, product identifiers, and promotional offers available to you at any given moment are configured and delivered dynamically through Google Play and RevenueCat. The set of plans displayed within the Application may change at our discretion, and may vary based on your geographic region, your Google Play account history, the version of the Application you are using, and other factors determined by us, Google Play, or RevenueCat.

All Subscription information presented to you within the Application, including the available plans, billing periods, prices, free trial availability and duration (if any), introductory offers (if any), and grace period duration (if any), is retrieved in real time from Google Play and RevenueCat at the time of display. You should review the information presented in the Application and the Google Play purchase screen carefully before completing any purchase.

10.2 Premium Features

An active Subscription is required to access Premium Features. The specific set of features designated as Premium Features may be modified, added to, removed, or otherwise changed by us from time to time at our sole discretion. Additional Premium Features may be introduced in future versions of the Application, and existing features may be reclassified between Free and Premium tiers without prior notice, except where required by applicable law.

We do not guarantee the continued availability of any specific feature, whether Free or Premium, and we reserve the right to discontinue any feature at any time.

10.3 Pricing

All prices for Subscription plans are determined and displayed exclusively through Google Play. Prices may vary by country, currency, and region, and may be subject to applicable taxes, fees, or charges imposed by your jurisdiction or by Google Play.

The price displayed to you in Google Play at the time of purchase is the controlling and legally binding price for that transaction. By completing a purchase, you agree to pay the price displayed in Google Play at the time of purchase, plus any applicable taxes.

Subscription prices may change at our discretion, in which case the new price will be communicated to you through Google Play or through the Application in advance, in accordance with the requirements of Google Play and applicable law. You will have the opportunity to review and accept or decline the new price before it takes effect for your next billing cycle.

Promotional pricing, introductory offers, regional pricing adjustments, and discounts may be offered from time to time at our discretion or through Google Play. Eligibility for such offers may be subject to

additional terms and conditions and may be limited by geography, Google Play account history, or other criteria determined by us or by Google Play.

10.4 Auto-Renewing Subscriptions

Subscriptions offered through the Application are recurring auto-renewing subscriptions. By purchasing a Subscription, you authorize Google Play to charge your designated payment method automatically at the end of each billing period, at the then-current price for the applicable plan, unless you cancel before the renewal date.

The Subscription will automatically renew at the end of each billing period unless cancelled in accordance with the cancellation requirements established by Google Play, which generally require cancellation at least twenty-four (24) hours before the end of the current billing period. Your Google Play account will be charged for the renewal within twenty-four (24) hours prior to the end of the current billing period, or as otherwise specified by Google Play.

The exact length of each billing period depends on the specific Subscription plan you selected at the time of purchase, as configured in Google Play.

10.5 Free Trials and Introductory Offers

Certain Subscription plans may include a free trial period or an introductory offer (such as a discounted introductory price) from time to time. The availability, duration, eligibility criteria, and terms of any free trial or introductory offer are determined by us, by Google Play, and by RevenueCat, and may vary by user, by geographic region, by Google Play account history, and by the specific Subscription plan.

Free trials and introductory offers are typically available only to users who have not previously subscribed to the relevant Subscription plan or to the Application generally. Eligibility is determined by Google Play and RevenueCat based on your Google Play account history, and we do not have direct control over eligibility determinations.

If a free trial is offered with a Subscription plan, your selected Subscription will automatically convert to a paid Subscription at the end of the free trial period, and your designated payment method will be charged the then-current price for the Subscription, unless you cancel before the end of the free trial. To avoid being charged, you must cancel the Subscription before the end of the free trial in accordance with Google Play's cancellation procedures.

The exact duration of any free trial or introductory offer applicable to you will be displayed in the Application and in the Google Play purchase screen at the time of purchase. By initiating a free trial or accepting an introductory offer, you agree to the duration and conditions displayed at that time.

10.6 Billing and Payments

All payments are processed exclusively through Google Play Billing. We do not collect, store, or process your payment card information directly. Your billing relationship is governed by the terms of your Google Play account, including Google Play's Terms of Service and Privacy Policy.

You acknowledge that:

All payment-related disputes, including unauthorized charges, billing errors, and payment method issues, should be directed to Google Play in the first instance.

RevenueCat acts as an intermediary between Google Play and the Application for the purpose of Subscription management and validation; RevenueCat does not directly process payment instruments.

Applicable taxes, value-added tax (VAT), goods and services tax (GST), or other charges may be added to the Subscription price in accordance with the laws of your jurisdiction and the policies of Google Play.

Currency conversion rates, foreign transaction fees, and other charges imposed by your payment method provider or financial institution are your sole responsibility.

10.7 Grace Period

If your payment method fails at the time of renewal, your Subscription may enter a grace period during which you may continue to have access to Premium Features. The availability and duration of any grace period is determined by Google Play and by the configuration of the specific Subscription plan, and may vary between Subscription plans, between users, and between geographic regions.

During any applicable grace period, you should update your payment method through Google Play to avoid losing access to Premium Features. If the payment issue is not resolved within the grace period, your Subscription will be cancelled or placed on hold in accordance with Google Play's policies.

We do not guarantee the availability of a grace period for any specific Subscription plan or any specific user, and we reserve the right to modify, enable, or disable grace period functionality through Google Play at our discretion.

10.8 Cancellation

You may cancel your Subscription at any time through your Google Play account by following these steps:

- Open the Google Play Store application on your device.
- Tap on your profile icon or menu, then select "Payments and subscriptions" and then "Subscriptions."
- Select Booster gaming mode lower lag from the list of active Subscriptions.
- Tap "Cancel subscription" and follow the on-screen instructions.

Upon cancellation, you will continue to have access to Premium Features until the end of the current paid billing period. No partial refunds are provided for unused portions of the current billing period unless required by applicable law.

10.9 Refund Policy

All purchases of Subscriptions are final and non-refundable, except as expressly required by applicable consumer protection law or as otherwise determined by Google Play in accordance with its refund policies.

Refund requests must be submitted directly to Google Play through the Google Play Store. We do not have the authority to issue refunds for Subscriptions purchased through Google Play. To request a refund, please follow the instructions provided by Google at <https://support.google.com/googleplay/answer/2479637>.

If you are a consumer in the European Union, the United Kingdom, or another jurisdiction with a statutory right of withdrawal for digital services, you may have specific rights to cancel and obtain a refund within a defined period after purchase. By purchasing a Subscription and accessing Premium Features immediately, you may waive certain withdrawal rights under applicable law, to the extent permitted.

10.10 Restore Purchases

If you have previously purchased a Subscription and need to restore it (for example, after reinstalling the Application or switching devices), you may use the Restore Purchases function within the paywall screen. The Application will query Google Play and RevenueCat to verify your Subscription status and restore Premium Features accordingly. Restoration is subject to the availability of a valid Subscription record associated with your Google Play account.

11. Limitation of Liability

TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL THE COMPANY, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, LICENSORS, OR SERVICE PROVIDERS BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, EXEMPLARY, OR PUNITIVE DAMAGES, INCLUDING WITHOUT LIMITATION DAMAGES FOR LOSS OF PROFITS, REVENUE, DATA, USE, GOODWILL, OR OTHER INTANGIBLE LOSSES, ARISING OUT OF OR IN CONNECTION WITH YOUR USE OF, OR INABILITY TO USE, THE APPLICATION, EVEN IF WE HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

13. Indemnification

You agree to indemnify, defend, and hold harmless the Company, its affiliates, officers, directors, employees, agents, licensors, and service providers from and against any and all claims, liabilities, damages, losses, costs, expenses, or fees (including reasonable attorneys' fees) arising out of or in connection with:

Your violation of any applicable law, regulation, or third-party right, including intellectual property rights, privacy rights, or contractual rights. •
